

2022-23 Graduating Senior Survey

Start of Block: 2023 Graduating Senior Survey Cover Letter

QTCL2023 What is the Graduating Senior Survey?

Each spring, all UC Merced students who have graduated or are planning to graduate in the current academic year - this year 2022-23 - are invited to take the Graduating Senior Survey. This survey is an important tool for students to provide feedback that will help us improve the undergraduate academic and campus life experience. The questions on the survey will cover topics such as: activities you've participated in, your post-graduation plans, your experience in your major and/or minor, your experience with campus services, and your expectations as a UC Merced alum.

Voluntary Participation

Your participation is voluntary. Your decision to participate will not affect your relationship with the University of California or benefits to which you may otherwise be entitled. You may withdraw from the survey at any time or skip questions that you do not wish to answer.

Accessibility

If you are using screen reading software (e.g., JAWS), please use table navigation. You are also encouraged to email or call UC Merced Accessibility Services – access@ucmerced.edu or 209-228-6996 - for confidential assistance. You will need to login using your UCM NetID and password. We recommend that you use a computer/laptop or tablet device to take the survey. The questions may not be displayed properly on a phone. The survey will be available between April 2, 2023 and May 5, 2023. We recommend that you try to complete the survey in one sitting – depending on your browser settings, your responses may not be saved should you to exit and try finish the survey later.

Study Procedure

If you agree to participate, you should be able to complete the Graduating Senior Survey online in approximately 15 minutes.

Prizes

As an appreciation for your time and as an incentive for participation, Graduating Senior Survey completers will be automatically entered into drawings for \$25 Amazon e-gift cards totaling \$875. There will be approximately one drawing per week for 35 total gift cards. The earlier you complete the survey the more chances you'll have to win! The exact odds of winning a prize are unknown, as this is influenced by the number of students who complete and submit a survey. However, the approximate odds of winning any prize based on past response rates and the current number of available prizes is 1/14. Winners will be notified via their UC Merced email address about how to claim their prize.

To enter the prize drawings without completing the survey, you must email Andrea Hall-Cuccia (ahallcuccia@ucmerced.edu). This email must be received by May 5th, 2023 to be entered in the final drawing. If you would like to be entered in the interim prize drawings, your eligibility starts one day after our receipt of your email.

Benefits

While there may not be any direct benefit to you from participating, the Graduating Senior Survey gives students an opportunity to comment on their experience as a graduating senior at UC Merced, which can help us evaluate and improve the undergraduate academic and campus life experience.

Protecting your Privacy

Your personal information, limited to your name and email address, is used strictly for sending survey invitation and reminder messages. Such information is only accessible by survey administration staff. After the survey is closed, your name and email address will be deleted from all survey datasets. Your student ID will be used to match survey responses against other data such as, but not limited to, your demographics, enrollment records, graduation data, applicant data, and post-baccalaureate data. This data is used for analysis and reporting.

Please be assured that your responses will be kept confidential and the results of the study will be reported only as aggregate (group level) data. Any identifiable information that is obtained in connection with this study will remain confidential. When this information is stored on third party secure platforms and secure file transfer suppliers, confidentiality will be maintained and your privacy protected according to the University of California privacy and security policies. This information will only be disclosed when required by law. All data used in public reporting, including quotations from open-ended responses, will be reviewed to ensure that your identity cannot be ascertained. Information will be retained in compliance with UC's Record Retention Schedule <https://recordsretention.ucop.edu/>.

With appropriate Institutional Review Board (IRB) approval, the data may also be used in anonymized form for academic research.

Please keep in mind that University policy requires all reports of sexual harassment and sexual violence against students to be forwarded to the Title IX office (<http://dsvp.ucmerced.edu/report>). Students who disclose that they experienced sexual harassment or sexual violence may be contacted by the Title IX office with information about reporting options and support services available to them. Please note that the responses to the survey may not be reviewed immediately. If any of your responses concern matters in need of immediate action or disclose dangerous situations, you should immediately report those matters to the appropriate authorities. If you need immediate assistance, please go to the following website which lists select student services on campus: UC Merced Success Anywhere (<https://success.ucmerced.edu/#BeWell>).

If you believe you are experiencing mental health symptoms and would like to discuss potential resources available, you may contact Counseling and Psychological Services (CAPS) at <https://counseling.ucmerced.edu/about/appointments> or the Dean of Students Office at <https://studentaffairs.ucmerced.edu/dean-students> to schedule a consultation. title_ge Your Educational Experience The rest of this survey asks about your educational experiences at UC Merced. The first set of questions asks about your general education experiences. General education curricula at UC Merced consist of Core 001 or Spark 001, Writing 010, and quantitative reasoning courses taken by all incoming freshmen in addition to course distribution requirements endorsed by our three Schools. Transfer students are not asked to answer the general education questions. The second set of questions asks about your

experiences in your major(s) and minor(s), as applicable. These questions are asked of both transfer students and students who started at UC Merced as frosh.
